## DIARI DE LA MEVA SEXTORSIÓ

**BY PATRICIA FRANQUESA**

Pati, a young film producer, is fighting to carve a professional career in the industry. It is May 2019 when her laptop is stolen during a business trip to Madrid. Two months later, an anonymous hacker accesses the stored data in the stolen device and finds three very private photos of Pati. He threatens with mass-mailing them to all her work contacts if he doesn't receive \$2,400. The shame, anger and distress caused by law enforcement's ineffectiveness lead Pati on her own investigation to stop the hacker and regain control and power over her privacy.
