

## BECOMING EMA

**BY PATRICIA DRATI**

While expecting her second child, Ema decides to abandon the modern life of the city and start a new one in the deepest countryside of Mallorca. She convinces her husband, Tomás, that away from the social dogmas of having a career, wealth and success, they will be able to raise their children in a simple and sustainable way. A year after making this dream a reality, the pandemic hits and the family is forced to re-evaluate their decisions.
