ELS BUITS

BY SOFIA ESTEVE, MARINA FREIXA ROCA, ISA LUENGO

Can oral history restore a forgotten part of our past? Can it break the silence perpetuated over generations?

In 1969, seventeen-year-old Mariona was arrested and imprisoned in a reformatory governed by the Women's Welfare Agency, which was dedicated to "regenerating fallen women" during the Francoist dictatorship. In 2023, Mariona and her daughter look back in an effort to piece together her story.
