

## ARTIFACTS OF WAR

### ARTEFACTES DE GUERRA

BY JORGE CABALLERO

Hundreds of people championing national security parade through the world's most important arms fairs: Milipol, Feinde, Shot Show... A man explains the advantages of "non-lethal" weapons.

Boom! Unaware, pedestrians walk on a street. The explosion forms a musical rhythm. Silence... In a clandestine workshop, a voice is heard, as hands turn a blank-firing weapon into a deadly "homemade" weapon. Behind each technology lies a political and social reason. *Artifacts of War* is a film essay that examines the market of "non-lethal" weapons, revealing the reasons that justify their use.
