

## ANTIQUITY SEEKERS

BY MARC CHICA I JOSE

During six one-hour episodes per season, our two seekers embark on their epic journey exploring the astonishing treasures of antiquity and the unbelievable connections between the great ancient civilizations of the past. Each episode will explore one main subject – death, religion, architecture, food, fashion, sexuality, war – through the four key civilizations covered in equal part in each episode. Examining the various aspects within each one, we'll explore what makes each of them unique, while most importantly of all, we'll find the shared connections between them.
