

OH NORA

BY AINA CLOTET

From a passionate love story, Nora (35) will experience a mourning after the hard acceptance of an illness that led her to have a mastectomy. She will question everything, such as the idea of motherhood or the difficulty of escaping from the romantic love pattern, deeply rooted in her. The story takes place in Barcelona in 2011, during the Spanish crisis and the emergence of 15M, a movement that mirrors Nora's self-questioning.
