

WHILE THE MASTERS SLEEP

QUAN ELS AMOS DORMEN

BY SANTIAGO ALVARADO

A humble couple go out of their way taking care of the land and the house of their master, with the peculiarity that he is actually an ancient vampire. Generation after generation they have taken care of him. The lord is not a typical vampire either, he just feeds on the blood of evil, perverse people. And has a pretty good relationship for his lackeys. You could say he even has esteem for them. Everything is going as normal until one night they receive an unexpected visit from the Baron, an even older vampire, which will complicate things both for the couple and for their master.
