### DARRERES VOLUNTATS

**BY JOAQUÍN CARMONA**

Coque, suffering from cancer, has just been released from prison. He wants to get back in touch with the son he abandoned as a child and repair the damage he caused him. His son, now a young delinquent, is overwhelmed by his dealings with the local mafia. To save him, he turns to Julián, an old friend whom he loved and who caused Coque's family to break up when his son was born. Coque will try everything he can to solve his son's situation. Without success. History repeats itself and, once again, he puts his friends and family in danger. Finally, the redemption for his former actions will only be possible at the cost of exposing his own life.
