

## JOKES & CIGARETTES

SABEN AQUELL

BY DAVID TRUEBA

Barcelona, late '60s. Eugeni Jofra is a young jeweller about to get married, but one day he meets a young singer, Conchita, and then there's no going back. The two begin a love story that will change their lives. *Jokes & Cigarettes..* is a biopic about the comedian, who, with a unique style, marked an era: one of smoky night clubs, endless nights and the taciturn wandering of a country that was just waking up. The history of a Catalan, awkwardly telling jokes, who ended up making everyone laugh.
