

THROUGH MY WINDOW: LOOKING AT YOU

A TRAVÉS DE TU MIRADA

BY MARÇAL FORÉS

It has been some time since Raquel and Ares stopped dating. Now he returns home for Christmas and the reunion between them is not long in coming. They could greet each other cordially and nothing more, but seeing each other again awakens in both of them something difficult to contain: the tension between the Greek god and the witch is still intact and it won't take long for the Christmas holidays to blow up.
